NEWS

Jan 2024

The latest updates from one of the UK's leading independent, family-run suppliers

First and foremost, I extend warm New Year greetings to everyone. I trust you had a delightful break, regardless of its duration.

A majority of the Howsafe team attended our Christmas celebration at the Holiday Inn in early December. It was a fabulous evening filled with abundant food, drinks, and lively dancing. Admittedly, a few of us might have woken up with slightly tender heads the next morning, myself included.

2024 begins with Howsafe's largest sale to date. In recent years, we haven't focused much on clearing discontinued stock, but as normality resumes, it's time to make space for new and exciting products.

Our showroom, a prime spot, demands that displayed products justify their presence.

This January, we're offering incredible deals (details inside). Plus, our Peterborough sale room is revamped – think £20 jackets, hoodies for a fiver, and polo shirts starting from a couple of quid (note: stock and prices may vary).

I encourage you to visit Howsafe when you can – there are bargains waiting for you!

My team and I look forwards to working with you throughout the next 12 months.

WAKEOVER

In December, we shared the exciting news that our sales area was undergoing a significant refurb. This included the introduction of a new ticketing system, additional signage, and even more competitive pricing.

We're thrilled to announce that the renovation is now complete, and the response has been overwhelmingly positive. With these improvements, we're rapidly clearing out discontinued and surplus stock. In fact, if you're looking for a great deal, you'd better hurry.

ICE BREAKER

In stock for immediate delivery is the Portwest S585 padded and waterproof winter suit. Note that Howsafe stock navy blue and grey options in the main sizes.

Couple up with thermals & a mid layer and you will be kept comfortable in all conditions.
