

Clark Howe (MD)

Elevate your game with Reebok's latest innovation in safety footwear – a blend of cutting-edge style and unmatched performance.

Introducing Reebok Safety Footwear: a bold leap forward, drawing inspiration from their best-selling high street designs to deliver unparalleled style, performance, and durability.

While they sit at the premium end of the spectrum, they embody the essence of 'reassuringly expensive'- a bit like a well known lager that I have been know to partake in.

Want to see the product in the flesh? just let us know and we will make it happen.

SC Johnson (Deb Handcare)

At the end of December, I received news from the team at SC Johnson that my spend with them did not meet their requirements, and that my pricing would increase by approximately 15%.

Needless to say, I was not too impressed, and since then, I have been forced into sourcing products from one of their partner businesses.

I am now buying SC Johnson products at a 5% premium on top of our old prices, except for Refresh Clear Foam, which is much higher. I have been liaising with my sales team, and they will be in touch ASAP.

To counteract a price increase, I have been looking at other options, including ranges from Cleenol and Gojo. I hope that between these potential new ranges, we should be able to offer alternative options that are more cost-effective, although clearly, that would mean you changing your hand care products.

I hope to have more news on this next month.

The wheels keep on turning here; back orders remain remarkably low, and my team is dedicated to meeting your needs.

We greatly appreciate your ongoing business

NEWS

March 2024

The latest updates from one of the UK's leading independent, family-run suppliers

BARGAIN HUNTERS

We've significantly enhanced our Stock Clearance, and Special Offer sections on our website.

The Stock Clearance area brims with end-of-line items at substantially reduced prices. In contrast, the Special Offer section presents a smaller selection of stock lines at great prices. These offers are fleeting, so regular visits are highly recommended. Should you find something appealing, act swiftly—it might not be available the following day, hour or minute.

Explore both pages either by scanning the QR codes below or by navigating to <https://www.howsafe.co.uk/clearance-offers>.

INTRODUCING REEBOK SAFETY FOOTWEAR

Reebok All Terrain Freedom - Trail Running Work Shoe

So what you waiting for? Jump in your motor and get on down to the Howsafe Workwear Store- we will ensure you walk out of the door with "The Right Trousers".

BINFRASTRUCTURE

As part of our ongoing commitment to sustainability, we're excited to announce upgrades to our waste management system. New recycling stations will be deployed across our facilities, facilitating convenient disposal of paper, cardboard, dry mixed recycling, and general waste. Additionally, we're introducing confidential waste receptacles to ensure secure document disposal, aligning with regulatory standards whilst still ensuring these items do not end up in landfill as shredded paper.

Furthermore, we're exploring end-of-life recycling options for our products alongside our suppliers and other organisations underscoring our dedication to reducing environmental impact at every stage of our operations.

These initiatives mark significant strides in our journey towards a more sustainable future, showcasing our proactive approach to environmental stewardship.
