

Clark Howe (MD)

Good to see the weather is changing for the better - in line with that, we have started to see the increase in sales of Summer clothing.

As you will see overleaf, we have revamped our shorts range, with several new in-stock options - along with our existing lines of moisture wicking polo and T-shirts, your team will be able to work in a greater degree of comfort .

April was month no 12 in our financial year, which means the dreaded stock take was in full swing. With 10's of thousands of products to be counted, in a range of locations it is always a challenging time for us, but the lure of a fresh start, with accurate stock figures is the reward at the end of it all.

With free of charge Covid test kits no longer available from the Government (with exceptions), many will opt not to spend their own money to buy them, once their free stash at home has been depleted, in turn creating a degree of uncertainty in the work place.

Therefore, I believe that many employers will opt to keep some test kits on the shelf for issuing out as required.

Stock is now in place for quick dispatch. Each box contains one single test kit, making them ideal for personal issue and save the employer the expense of issuing out a box of multiple tests.

I hope you are all keeping well, the sun keeps shining and you are finally managing to get some much-needed holidays.

NEWS May 2022 **HOWSAFE** The Workwear Store open to the public

The latest updates from one of the UK's leading independent, family-run suppliers

Embroidery & print guide

We have updated our embroidery & print guide, which gives you all you need to know before taking the plunge. Either scan the QR code below with your phone camera or visit...

Yaxley Festival

On the 13th to the 15th of May the Yaxley Festival takes place - the festival is free to enter and is funded by grants, sponsorship, and the trade/food stalls. Howsafe are proud to be one of the key sponsors of the event.

Fun for the family in the daytime through to lots and lots of live music well into the evening from many of the best local music acts, including the mighty Groove Cartell.

Generation-X

Due to the initial stock moving very quickly we are now able to offer more stock of the very competitively priced Gen-X blue disposable nitrile glove in sizes M-XL (no small).

Please note this is on a first come, first served basis, and once gone, further stocks may not be available, so please get in early to secure stock.

Going Dotty!

Re-sourced from an alternative supplier to maintain price.

Suitable for many applications such as packaging, light industrial and anything where added grip is required.

Low linting 13 gauge Nylon shell to minimise contamination of products. Soft, seamless construction for wearer comfort in a range of sizes to ensure a secure, snug fit. PVC dotting to palm and PVC fingertips to improve grip and durability. Good dexterity across a wide range of applications.

Code: NLNW-D

Another glove that has been taken into stock due to an alternative suppliers price increase.

Premium lightweight green nitrile gauntlet designed for applications where chemical and mechanical protection is required. Excellent resistance against oils, fats, bleaching agents, and solvents. Lozenge pattern on palm and fingertips improves grip and performance.

Hardwearing glove with superior abrasion resistance. Specially formulated for improved dexterity and minimal finger fatigue. Flock lined for moisture absorption. Suitable for food use. Antistatic properties meet the requirements of EN1149-1:1996 for surface resistivity.

Stocked in sizes: 7-10. Code: RNF15

Chemical Glove

Workmate range delays

Due to factory issues in China, the Cofra "Workmate range" has been affected with lengthy supply delays. The range includes the popular Egeo, Weddell, Suez, Baffin, Tirrenian, Kavir, and the Bismarck.

Initially we were quoted April/May delivery - It will now be much longer and currently, Cofra will not accept orders for the sizes where they are out of stock.

We will work with you regarding stock shortages and offer alternatives wherever acceptable to you.

Shorts "R" Us

Just in time for summer we launch our new range of workwear shorts.

We believe we have got all bases covered - practical, hard wearing & competitively priced options from Orn, a super smart Apache ATS product with loads of features, through to branded options from the likes of Helly Hansen.

Within the range you will find shorts with and without flappy nail pockets - meaning from uniform to trades person we have the right FIT for your business - what's more some of the options are available in a range of colours from stock.

For more information either type "shorts" into the search field on our website or scan the QR code with the camera on your mobile phone.
