

Clark Howe (MD)

We unveiled our Pulsar hi-vis collection during the summer months – admittedly, not great timing. However, we've been genuinely astounded by the overwhelming reception the products have received.

Demonstrating unparalleled performance even in the most relentless heavy rain, the EVO range truly stands among the very best.

PULSAR
High Performance Apparel

Our push to offer you a greater selection of products with strong ECO credentials continues with the introduction of two new safety spectacles and gloves.

So in our ECO lineup we can now offer a collection of clothing, safety footwear and PPE.

Cura code: SGL1067

Tana code: SGL1068

More
NEW
Products

The Träega spectacles consists of the top of the range Cura which has a K&N rated lens (highest anti scratch/fog) and comes with stylish green arm inserts - visually striking and highly effective. The Träega Tana is a slightly more basic effort but comes as standard with anti scratch/fog lens. Both options are packaged without plastic and are light and comfortable to wear - save the planet and look good!

Our commitment to offering innovative, top quality ECO products will continue going forwards with more new items following over the coming months.

Thank you all for your support.

NEWS

Oct 2023

The latest updates from one of the UK's leading independent, family-run suppliers

After a long break in stock of the highly sought-after Cofra Kaibab boot, our shelves are now fully replenished! Now with production relocated to Albania, we will be in a much better situation to service your needs.

Covering a vast 1.6 million acres, the Kaibab National Forest encompasses both the northern and southern rims of Arizona's Grand Canyon.

The 'Cofra Kaibab' boot takes its name from this majestic forest, embodying its stunning beauty and rugged charm to perfection."

Products

Envirocut code: GEG1007

A revolutionary new eco-friendly cut level E resistant glove, made using recycled plastic bottles and without the use of glass or steel (the two most CO2 producing materials in a cut resistant product).

Highly abrasion resistant with plastic free packaging and can be washed up to 5 times to massively extend its life.

A serious contender for an ECO award!

Envirocut
