V12
FOOTWEAR

Howsafe has launched a new professional foot measuring service to help workers reduce pain, improve comfort, and support long-term wellbeing at work. Using specialist impression boards, trained staff can assess foot type, posture, weight distribution, arch type, pronation, and leg position before recommending the most suitable Dynamic Arch™ insole. Available in-store or on-site for businesses, the service is designed for people who spend long hours on their feet, helping to tackle foot, knee, hip, and back discomfort through better support from the ground up.

STORE OPENING TIMES

Monday-Friday: 08:00 - 17:00

Saturday: 09:00 - 13:00
